Marine Mammals

Sustainable Seafood

ESA Threatened & Endangered

NOAA Fisheries has jurisdiction over 165 endangered and threatened marine species (80 endangered; 85 threatened), including [66 foreign species](#) (40 endangered; 26 threatened).

Additional species are currently under review or have been proposed for Endangered Species Act listing: [45 petitioned species](#) are the subject of petitions awaiting 90-day findings, [3 candidate species](#) for ESA listing, and [9 proposed species](#) for ESA listing.

In the table below, the Region column shows if the species can be found in a NOAA Fisheries region. If the species occurs only in areas beyond the U.S. exclusive economic zone and territorial waters, the region is labeled as Foreign.
